“Walt Disney first, Euro Disney last – the expropriation of the Euro Disney shareholders”

Ladies and Gentlemen,

For 14 years I am predicting that Euro Disney (ED) is taken over by the parent group
“The Walt Disney Company” (TWDC).

In my attached letter (**LE04**) to Mr. Bob Iger, Mr. Tom Wolber and Mr. Karl Holz you learn that
the takeover had been planned well in advance.

By the strategy of the external financial advisors of “Disney” the shareholders of Euro Disney
were expropriated systematically.

With the support of other shareholders and the public I want to achieve that the shareholders
concerned are fairly compensated and that the takeover of Euro Disney is prevented.

If you wish more information I gladly can provide the following letters and documents by email,
mail or fax.

These letters were sent for comments to the management of Euro Disney and “The Walt Disney
Company”.
